

About us

PeopleHR was established to provide Human Resource Services that are commercially aligned and accountable to ensure bottom line impact. Our services are designed to deliver cost effective solutions while still enabling best practice processes and delivering measurable results.

What makes us different from other providers?

We have on our team a depth of experience, 25 years in HR; 18 in Organisational Development and psychology and 15 years of recruitment and management experience. We take the time to understand your needs from a broader HR perspective to ensure the right person is matched to the right role.
